Date: Wednesday, June 22, 2011 1:41:26 PM

Hi Bernadette,

Thanks for the call. (My suspicion of this well was correct.) Upon review with my colleague it was determined that this well has been shut in since inception. The well was drilled, cased and perforated in 2008. The well was shut in then after and had never been equipped or tied in.

Midway Energy Ltd. has no plans to reactivate this well in the near future; therefore, Midway has elected NOT to participate in the hearing to lift the shut in order.

Should you have any further questions in this regard please do not hesitate to contact myself or Mr. Doug Bauman at 403-727-2025.

Sincerely,

Tracy Smith, P.T., C.E.T., B.B.A.
