Bernadette

Sorry for the confusion. I must have missed these two wells in Table 2. I've made inquires in our organization and confirmed that these two wells are indeed shut-in. I trust this provides the information/confirmation that you require.

Regards
Don

Hi Don,

Thanks for responding to my request.

As shown in Table 2 of the Order 11-001, Shell is the licensee of the following wells:

00/5-18-90-22W4
00/16-3-91-23W4

According to the ERCB records, these 2 wells have been completed in the shut-in zones.

Please confirm that the wells have either been abandoned or shut in.

Bernadette

Bernadette

I understand that you are looking for a formal response from Shell on the above Shut In order. My apologies for any confusion, but I did not reply previously because :

- Shell was not listed as a licensee in Tables 1 or 2 of the June 7th letter.
- Shell had previously indicated that we had no interest in this proceeding.

Hopefully this note provides confirmation that Shell has no production in this area and no interest in these proceedings.

Regards

Don
