7-36 Completion Notification.pdf

Bernadette,

Further to our discussion this morning and as requested in your letter dated June 7, 2011, Sunshine Oilsands Ltd. confirms that its wells located at AA/14-31-094-17W4/0 and AA/07-36-094-18W4/0, and listed in Table 1 of Interim Shut-In Order 11-001, are not producing gas. These were oilsands evaluation (OSE) wells only, and were abandoned after testing was completed. Sunshine had performed injectivity tests on each of these wells, but they were never perforated for production of gas. Attached are copies of the Abandonment Submissions for both wells.

If you have any questions or require further information please let us know.

Best regards, Rick
