QUICKSILVER RESOURCES CANADA INC.
LACOMBE FIELD**

Take Notice that the Energy Resources Conservation Board (ERCB/Board) has received Application No. 1584556. This notice is to advise of the filing of this application. Note that if no submissions are received on or before **Tuesday, October 14, 2008**, relating to the application, the ERCB may continue to process this application without further notice.

Nature of the Application

Quicksilver Resources Canada Inc. (QRCI) has applied pursuant to Section 80 of the *Oil and Gas Conservation Act (OGCA)* for an order prescribing that all tracts within the drilling spacing unit comprising Section 1 of Township 41, Range 26, West of the 4th Meridian, be operated as a unit for the production of gas from sands and coals to the base of the Belly River Group, through wells to be drilled in Legal Subdivisions 6, 8, 14, and 16 of the section.

The applicant requested, among other things, that costs and revenues under the pooling order be allocated on a tract area basis, and that it be named the operator of the well(s) to be produced. In addition, the applicant requested that the maximum penalty allowed under the *OGCA* be applied to a tract owner's share of the costs of drilling the well to, and completing it in, the formation named in the order if the tract owner does not pay the costs within 30 days of the later of the pooling order being issued, the tract owner being notified in writing of its share of actual costs, or the well commencing production.
