Dear Ms. Van Maarion & Mr. Donick:

**EUB APPLICATIONS NO. 1379726, et al.  
CATEGORY AND TYPE: B140  
APPLICATION FOR CBM WELL LICENCES  
WIMBORNE FIELD**

The EUB requested that Devon submit materials and argument as to why they believe they have the mineral rights in question for these applications. Devon submitted the attached letter in response to this request. Please review Devon's letter dated March 21, 2005 which is Devon's argument supporting their claim to the mineral rights.

If you wish to respond, please submit one copy of your response to the EUB by no later than 4:00 p.m. on Monday, April 4, 2005. EUB staff will review the information to determine its completeness and if no further information is required, the matter may proceed to the Board's agenda for disposition should the objections remain outstanding at that time. Please note that additional copies of the above information may be required depending on the Board's disposition of the application.

If you have any questions with respect to this matter, please feel free to contact me by phone at 297-4461, or by fax at 297-4117.

Yours truly,
