Alberta Energy and Utilities Board  
640 - 5th Avenue, S.W.  
Calgary, Alberta T2P 3G4

Attention Ms. K. Fisher  
Applications Branch, Resources Applications Group

Dear Ms. Fisher:

**Subject: Proceeding No. 1457147 - Coalbed Methane (CBM) Review Hearing**

Further to the Board's letter of July 27, 2006 please find enclosed an excel spreadsheet which lists all of Fairborne Energy Ltd.'s ("Fairborne") pre-filed exhibits and corresponding exhibit numbers.

The spreadsheet requires explanation in one respect. On behalf of Devon and Fairborne we directed a request to the Board, dated June 28, 2006, in relation to the matters addressed by the Board in Bulletin 2006-19. This correspondence, which is filed under "Miscellaneous Correspondence from All Parties", addresses an issue related to but not material to the hearing itself. We note, however, that the Board has included in its list of documents its reply to this request by Devon and Fairborne, dated August 3, 2006. Hence, for completeness, we thought it appropriate to also include as an exhibit a copy of our letter to the Board, dated July 26, 2006 a PDF copy of which is attached.

Yours truly,

**FRASER MILNER CASGRAIN LLP**
