Attention: Mr. J. Richard McKee, Board Counsel

Dear Sir:

**Subject:** S. 40 Review Request by EnCana Corporation on Devon Canada Corporation's  
Application Nos: 1380004, 1379743, 1379746, 1379737, 1379763, 1378730,  
1383129 and 1379726  
**Our file no. 507548-4**

This is further to our letter to you dated July 4, 2005. I have re-read your letter dated June 27, 2005 with respect to this matter and am concerned that our response may not have addressed the issue you intended.

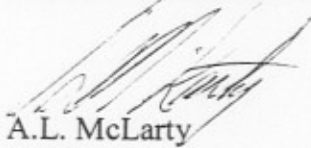

As a result of our telephone discussion this afternoon with Ms. Powell of your office it was confirmed to us that the intent of your letter, indeed, was to invite a response from Devon as to whether the decision in question should be reviewed. We obviously have not responded to that issue, although given adequate time to consider the EnCana submission and to prepare a response, Devon would clearly intend to provide such a response. It may be that I helped in the misunderstanding by misconstruing the short timeframe set out in your letter which did not seem to envision the time required for a substantive response to the issues raised in the EnCana submission which have been relied upon to justify the application for a review.

We apologise for any misunderstanding we may have taken from your correspondence and for our erroneous response. A substantive response from Devon, in this case, is warranted as to the question whether the Board decision should be reviewed. We, therefore, respectfully request an

extension of the timeframe for Devon to provide its comments with respect to the question of whether a review should be conducted by the Board, to at least July 15, 2005.

Yours truly,

**FRASER MILNER CASGRAIN LLP**
