Re: Review and Variance Applications
Intervener Status
Our Reference: BPW044

Bears paw has reviewed the requests for Intervener status submitted by Quicksilver Resources Canada Inc., FHOA and Centrica Canada Limited provided under cover of the Board's letter dated May 31, 2006. From a review of the correspondence submitted, Bears paw is of the opinion that these parties have a legitimate interest in the outcome of Proceeding 1457147. Bears paw therefore has no objection to these parties being granted Intervener status as requested.

Bears paw believes that if Intervener status is granted to these parties, there should be no extraordinary constraints on their participation in Proceeding 1457147.

Please give me your comments.

Yours truly,
THACKRAY BURGESS
