Attention: **K. Fisher, Application Coordinator**

Dear Madam:

Re: **Proceeding No. 1347004
Review of Wells with Wabiskaw-McMurray Intervals
Chard and Leismer Fields**

We are writing on behalf of Calpine Canada Resources Company.

We note that, in the Reply Submission of the Staff Submission Group, the recommendations for the 00/03-34-080-07W4/0, 00/04-35-080-07W4/0 and 00/14-03-081-07W4/0 wells have been changed to "Produce". In light of this, we assume that the production status of these three wells will no longer be the subject of review in the captioned proceeding. We would be obliged to receive your confirmation of this today, given that the hearing is scheduled to commence on Monday morning.

Thank you very much for your anticipated cooperation.

Yours very truly,

D. G. DAVIES
