Dear Sir:

**RE: Decision 2004-045: Phase 3 Proceedings Under Bitumen Conservation Requirements and Applications for Approval to Produce Gas in Athabasca Wabiskaw-McMurray Area**

Further to my voice mail of today, in response to your letter regarding Proceeding No. 1347004, I am confirming that Calpine Canada Resources Company's wells 00/03-34-080-07W4/0, 00-04/35/080/07W4/0 and 00/14/03/081/07W4/0 will continue to be included in the Proceeding. The reason is that Petro Canada, who is a participant in the Proceeding has made submissions that these wells be shut-in.

If you have any questions or concerns, please call me at 297-8332

Yours truly,

  
GIUSEPPA BENTIVEGNA
