Dear Sir:

**Re: General Bulletin 2003-28, Bitumen Conservation Requirements,
Athabasca Wabiskaw-McMurray, Phase 3 Final Proceeding No. 1347905**

Further to Decision 2004-088 and the Board's letter of February 1, 2005 requesting that parties advise the Board of the date on which they would be prepared to file their response submissions as well as the date on which the hearing should commence, Petro-Canada has reviewed the submissions and anticipates that it will require six weeks (April 5, 2005) to prepare its response submission. In addition, assuming the Board specifies an information request process, Petro-Canada should be prepared to commence the hearing on May 30, 2005.

In response to the Board's letter of February 17, 2005, Petro-Canada has no objections to the SSG's request for leave to file an addendum and errata to its February 14, 2005 submission.

I request that the Board add me to the distribution list for this proceeding. My contact information is as follows:
