Dear Ms. Bentivegna:

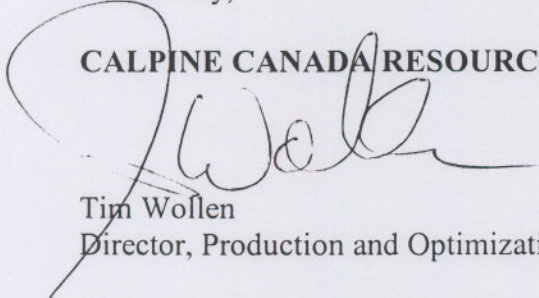

Our letter of July 12, 2004 included an attachment that contained a listing of wells and perforated intervals that are shut-in. We recently discovered that the July 12, 2004 attachment is incomplete (it had only the Shut-In Order 04-001 intervals); it should be replaced by the attachment to this letter, dated July 15, 2004. The July 15, 2004 attachment includes intervals from both the Shut-In Order 04-001, and the Shut-In Order 04-002.

We apologize for any inconvenience that this may have caused.

If you have any questions, please contact Roger Wozney at (403)750-7955.

Yours truly,

CALPINE CANADA RESOURCES COMPANY
