Directive 056: Energy Development Application and Schedules Corrections

On June 16, 2008, the Energy Resources Conservation Board (ERCB) released *Bulletin 2008-25: New Edition of Directive 056: Energy Development Application and Schedules Issued*, announcing that *Directive 056* had been updated and reissued with an effective date of June 30, 2008.

Subsequent to the release of the directive, several errors were noted and have been corrected:

- In Section 5 a requirement was inadvertently deleted; it has been reinserted as requirement 19 and all subsequent requirements in Section 5 have been renumbered accordingly.
- Table 5.6 included a reference to audit material for Section 5.10.6.12 that does not exist; it has therefore been removed from the table.
- Section 6.9.26 should have been worded similarly to Sections 5.9.16; this has been corrected.
- The table of contents for *Directive 056* has been updated to reflect resulting page number changes in Sections 5 and 6.

Updated print copies of the Contents and Sections 5 and 6 are available from ERCB Information Services, 640 – 5 Avenue SW, main floor; telephone: 403-297-8311 (option 2); fax: 403-297-7040; e-mail: infoservices@ercb.ca. The corrected directive is also available on the ERCB Web site www.ercb.ca.

Questions regarding *Directive 056* (June 2008 edition) may be directed to
