E-MAILED

January 26, 2007

To: Parties and Counsel on the Attached Lists

**RE: EnCana Oil and Gas Partnership (EnCana) Application No. 1394112
Canadian Natural Resources Limited (CNRL) Application No. 1409180
Husky Oil Operations Limited (Husky) Application No. 1481725
Cold Lake Oil Sands Area - Clearwater Deposit**

This letter concerns the order of appearances in the upcoming hearing. This proceeding involves applications from Husky and CNRL to shut-in multiple gas wells. EnCana is responding to those applications and has also filed an application to produce a single well. Board staff has indicated to me that the issues arising from EnCana's production application are likely common to at least some of the issues arising from the shut-in applications.

Before deciding on the order of appearances for the hearing the Board wanted to give the parties an opportunity to comment. From Board counsel's perspective the most efficient course may be for the Board to hear the shut-in applications first, to be followed by EnCana's responses to those applications and its application to produce.

If you wish to provide comments please forward those not later than January 26th.

Yours truly,

Gary D. Perkins
Board Counsel
