Attention: Ms. Giuseppa Bentivegna, Board Counsel

Dear Ms. Bentivegna:

**Re: EUB Application Nos. 1394112, 1409180 and 1481725
Cold Lake Oil Sands Area - Clearwater Deposit**

On Friday, January 12th, Husky issued its IRs to EnCana based on EnCana's Reservoir Simulation Study. Later that day, EnCana provided additional model study output files to Husky. Husky reviewed these files and issued additional IRs to EnCana yesterday, January 16th.

On Monday, January 15th, EnCana provided Husky with two DVDs containing additional input and output files respecting EnCana's Reservoir Simulation Study Submission. Husky confirms that it intends to review the DVDs received January 15th, and that it will likely issue IRs to EnCana regarding the files contained therein. As Husky is presently fully engaged in preparing its responses to the modeling IRs issued by the Board and EnCana, it anticipates reviewing the two new DVD's shortly and being in a position to provide further IRs to EnCana early next week. In order to facilitate Husky's review, Husky requests EnCana provide it with an explanation of what the new information is, and a list of all of the case names and descriptions for all of the files contained on the two DVDs.

Finally, Husky notes that it continues to await EnCana's response to its IRs issued to EnCana on December 21, 2006.

Yours truly,
