Dear Sirs:

On September 30, 2009, the Board wrote to interested parties and advised of its intention to hold a technical meeting pursuant to section 33 of the ERCB's Rules of Practice. The purpose of the meeting would be to discuss the consideration of additional interpreted well logs identified by the Board within the area of application. The further scheduling of submissions, information requests and the hearing will also be discussed.

The Board would like to convene this technical meeting within the next two weeks and needs to know the availability of parties. From the Board's perspective the meeting would be most efficient if interested parties limited their participation to their counsel and a company representative. Accordingly, please advise the undersigned as to each party's availability during the weeks of October 19 and October 26.

Yours truly,

  
Gary D. Perkins  
Board Counsel
