EUB EXTENDING DEADLINE FOR STAKEHOLDERS TO COMMENT ON THE STAFF REPORT ON THE REVIEW OF THE ALBERTA SULPHUR RECOVERY GUIDELINES

On January 17, 2001, the EUB released a general bulletin (*GB 2001-1*) inviting stakeholders to comment on the *Staff Report on the Review of the Alberta Sulphur Recovery Guidelines*.

The EUB has received extensive and very useful comments on the staff report and believes additional opportunity for stakeholders to provide input is warranted. Therefore, the EUB is extending the submission deadline an additional six weeks to March 30, 2001.

Staff prepared this report and recommendations following earlier stakeholder consultation and having considered individual submissions as well as a report by an independent, multistakeholder advisory group of public, environmental, industry, and academic representatives.

The staff report, as well as other documents associated with this latest review of sulphur recovery guidelines, is available on the EUB's Web site at <www.eub.gov.ab.ca> or from Information Services by calling (403) 297-8190.

Comments on the staff report may be directed to Mr. Kim Eastlick of the EUB at (403) 297-4325 or by e-mail to <kim.eastlick@gov.ab.ca>. This general bulletin extends the deadline for providing input to March 30, 2001.
